OLIVER KELLY
c o n s t r u c t i o n

Company profile

Formed in 2010, 'Oliver Kelly' is the collaboration of directors Damien Oliver and Matthew Kelly who represent 44 years of building and construction experience.

The formation of Oliver Kelly Constructions was inspired by a shared vision of becoming industry leaders with the delivery of absolute value and quality outcomes, through integrity based culture, unwavering focus on client objectives and a steadfast approach to OH&S.

Supported by an internal workforce and a sustainable and expandable supplier & subcontractor network, the core foundation of the business is a set of guiding values which ensures all stakeholders work to the 'Oliver Kelly' standard.

Regardless of scope or size, Oliver Kelly Constructions can deliver end to end services, or supporting components to commercial, residential or industrial construction projects.

With its own team of architects, Oliver Kelly works with clients to undertake design against requirement – or alongside third party architects to manage construction services only.

Oliver Kelly Constructions delivers innovative, customised solutions and personalised attention from conception, through to handover and after sales service.

Damian Oliver

A Carpenter by trade, Damian Oliver offers 21 years experience to the Oliver Kelly collaboration. With a career that has seen him work across Tasmania and QLD on some of the largest multi - million dollar projects in the Southern Hemisphere, Damian has worked for companies such as Fairbrother Pty Ltd and Baulderstone & Hornebrooke. His exposure spans residential, commercial and industrial works; including large scale concrete constructions and roadworks. In late 2001 the next step for Damian became obvious and in January 2002 Jaxmar Construction Pty Ltd commenced operations. Initially consisting of one truck, one trailer and one offsider; within 8 years, the business grew to turnover annual revenues of \$6million and employ 15 fulltime staff and over 15 subcontractors.

Matthew Kelly

A highly skilled tradesman, Matthew Kelly has been actively involved in the construction industry for 23 years and brings a wealth of industry experience to the Oliver Kelly alliance. Matthew has worked in the cottage industry on the mainland, as well as extensively across Tasmania for major companies such as Fairbrother Pty Ltd and Baulderstone & Hornebrooke.

In his career, Matthew has worked his way from a tradesman position to Senior Management and has accumulated a wealth of experience in Site and Project Management, OH&S Management and estimating; for minor and major works and developments.

Prior to the formation of Oliver Kelly Constructions, Matthew was Assistant Manager for Fairbrothers Northwest Division, managing Labourer & Resource Allocations and Yard & Plant coordination.

Qualification

Commencing their careers as industry tradesman in the 1980's, Damian Oliver and Matthew Kelly hold an accumulation of 'hands on' - on site technical experience, project management and business management expertise.

Mission Statement

We achieve excellent construction outcomes for our commercial and residential customers through our unique customer focus. We keep our customers informed at every step of the way in their construction projects. At completion, our customers get a quality, value for money building for their business or lifestyle. Working with us is rewarding for all involved.

To achieve this we are committed to the continual development of our core business capabilities and customer relationships.

Oliver Kelly Values

Oliver Kelly Constructions operate in strict accordance with company values which are the guiding principles for an integrity based business. These values drive quality outcomes, a positive experience for clients, supplier & subcontractor partners – and a safe operational environment. Setting standards in OH&S practices; all Oliver Kelly staff, suppliers and subcontractors are assessed prior to engagement and at regular intervals, to ensure the 'Oliver Kelly standard' is met and delivered across all project milestones, at all times.

As a company we are measured in terms of what we do, how we do it and what our values are.

We will...

- honour our commitments to clients and each other
- lead with passion, courage and competence
- care about the safety of our employees, our contractors and our community
- deliver with pride
- cultivate team spirit and collaboration
- treat each other with respect and dignity
- value and encourage continuous improvement
- actively support our local community
- respect our environment

“At completion, our customers get a quality, value for money building for their business or lifestyle. Working with us is rewarding for all involved”.

The Oliver Kelly Advantage

The Oliver Kelly collaboration offers a distinct competitive advantage for commercial, industrial and residential design & construction projects.

Delivering superior results through a unique management methodology, drawn from over 40 years of industry knowledge; Oliver Kelly Constructions provides innovative, customised solutions and personalised attention from conception, through to handover and after sales service.

Oliver Kelly Constructions consists of a highly experienced Management team, a skilled internal workforce and an expandable, tried & proven network of suppliers and specialist subcontractors. This provides the framework for exacting requirements across all manner of projects – regardless of scope or specification.

With a reputation for driving a culture of honesty and integrity in all business dealings, Oliver Kelly Constructions forms mutually beneficial partnerships, ensuring reliable and sustainable support for long term and future ventures.

OH&S Management

"Oliver Kelly Constructions is committed to promoting a safe and healthy environment for our employees, our clients and the community."

Oliver Kelly Constructions is quickly becoming renowned for providing complete confidence in relation to quality outcomes, risk mitigation and a safe environment, through a Safety Management process which has been approved by Workplace Standards Tasmania.

Safety Management Plans are compiled at planning stages to ensure strict hazard identification and risk assessments are undertaken against the individual scope and specification of every project. Safety Management Plans are reviewed on an ongoing basis to cater for contract variations or 'force majeure' events; and plans incorporate supplier & subcontractor activity, building material selection, procurement and delivery.

Safety Management Plans are in accordance with the Workplace Health and Safety Act 1995, the Workplace Health and Safety Regulations 1998, the Workers Rehabilitation and Compensation Act 1988.

A key focus of the Oliver Kelly team is to identify areas in both building design and practice; where environmental initiatives or innovations can be implemented or maximised.
